What's new:

(Milestone Edition) Just because Donald Trump is our president doesn't mean that every American has to love him. In fact, more and more people seem to be taking the pledge of fidelity he proposed to hold — the "I Am Your President" pledge. We're joining with those who refuse to let office define them. But we also remain guided and strengthened by the values we hold dear. In this weeks' installment of the I Am Your President Milestone Edition, we are honored with the experience of hearing Isaiah sing "Make America Great Again." We offer the song's commentary here for you. When I pay attention, I see that everyone has been changed for the better. God is not blind to suffering and affliction. It is to His purpose that we may be changed and restored to Him. He can bring about necessary change, even when it does not make sense to us. Isaiah 40:26 Isaiah 40:27-31 When we take the "I Am Your President" pledge, we commit ourselves to recognizing the ways of the LORD and His will. We express our personal affiliation with those who are not of our same race, political persuasion, economic status, or gender. We recognize God in all His gifts and glory. And we commit ourselves to godliness, repentance, faithfulness, love, brotherhood, and peace. By doing so, we realize that there is more to being Christian than just hearing "peace be with you," and saying, "no thanks." Let's recognize some of the ways the LORD has changed the world for the better. First, the effect of moral judgment has been far-reaching. The LORD is making good use of the evil in His world. After He separated the Red Sea from the world to lead Israel through, the LORD said to the Israelites, "I have heard the groaning of the Israelites, whom the Egyptians are keeping in slavery, and I have remembered my covenant." The Red Sea had been reduced from a powerful tidal wave to a mere river. The LORD said, "I will bring you [Heavenly help]," and He did. Corrupt leaders are not without reproach. No one in history has been as great a callous as Adolf Hitler. But his corrupt action has had repercussions much greater than he could fathom.
