What's New In?

SimAquarium is an aquarium simulation game. You can buy and sell fish, aquarium sceneries (plants, rocks etc), lighting and other things for your aquarium. You can play with your fish, feed them and more. To earn money you have to breed and sell fish. There are 28 different species with different characteristics, some of the fishes are very rare. With more money you can buy bigger and prettier fishes, more impressive aquarium decorations and better lighting. But the most expensive animal you can buy is not a fish - it's a dolphin! The game doesn't need a lot of attention - you can run this game in the background and do something else in the same time (it is possible to reduce the number of frames per second to save processor and you can minimize the widget). The widgets are very small, you can place them anywhere on your desktop as they don't use extra space. Once you install them, you can access them from widgets manager window. SimAquarium Features: You can interact with fishes: Feed (eat) - Water - Clean Hook - Unhook - Play! You can move fish, change their positions and remove them from the aquarium. The fishes have different levels of intelligence - more intelligence means longer and more complex reactions, bigger preferences. As they grow up they also get more and more expensive! You can click on an aquarium and see a little summary and news information. You can buy fishes, aquarium sceneries and more. When you buy something, the item will be added into your inventory and you can see it there. There are 28 different fishes and you can choose which one to breed. However, you can only breed a limited number of fishes because there are a lot of fishes already in the virtual aquarium. When you breed a fish, you can see the result and also compare the result with the parents. You can also breed fishes with each other. You can see the result of the breeding. You can sell fishes, aquarium sceneries, furniture, decorations and more. You can even play with your fishes - change their temperature, add them to moods and more. To generate more money, you can catch a fish, breed them, sell them and buy a new aquarium! You can breed fishes of 28 different species. Each species has several characteristics and they can be divided into three groups: Fish with Dull colored scales: - 60% of the fish are white - 35
